### Other Information

<b>Vest:</b>	Made of high visibility safety lime material and trimmed with prismatic reflective, this vest is sure to stand out and help keep you visible for safety reasons or just to be easily recognizable at an event or venue.
<b>Reflective:</b>	This vest is trimmed with Reflexite prismatic reflective, 1 3/8" wide. It runs the length of the vest from front to back on both the left and right side, and is attached to the belt as well, for side visibility. (This vest could also be made with white or lime reflective, if desired.)
